# PORTOFOLIO

of Aqilah Qathrunnada Mumtaz

## About Her

Undergraduate Informatics student since 2022 from Universitas Pembangunan Nasional Veteran Jakarta with a genuine enthusiasm in Mobile Development, Web Development, and Application Development. I have experience working in teams and enjoy learning new things, which helps me work effectively with others and adapt to new challenges. My strong motivation to expand my horizons through active participation in real-world projects underscores my dedication to continuous learning. I am committed to effectively utilizing valuable hands-on experience.
